Don't Wait for A Sign

Accidents can happen unexpectedly and can be costly, especially if you are financially unprepared. Your current medical coverage will help pay for expenses associated with an injury, but won't cover all of the out-of-pocket expenses you may face. Don't wait until you are on the road to recovery after an accidental injury to realize you need more protection.

Start thinking about the future of your finances today and plan for the road ahead. You can rely on our Group Accident Insurance to help provide the financial assistance you need, when you need it most so you can cope with the challenges of recovery.

The most commonly mentioned body sites for injuries were wrist, hand, and fingers followed by lower leg and ankle.³

If you suffer an accidental injury, would you be able to handle the extra expenses associated with your recovery?

Coverage is provided by supplemental, limited benefit insurance.
